JOIN THE VOLTAICS

It all started when we
started **believing**
in energy production
using **photovoltaics**.

We have been present in the industry for **the last 10 years, providing technological solutions for large wholesale customers, general contractors of photovoltaic farms, and smaller installation groups.**

We have our own **warehouse inventories**, which ensures fast and reliable delivery of any number of components.

The specialists on **our staff** advise customers and supporting their business ventures at every step of the **purchasing process.**

WE OFFER

Photovoltaic modules from **the TIER1 list**, which we import directly from the world's largest manufacturers. We are, among others, a general and authorized partner (EPC) of the **JA SOLAR** brand.

Inverters and energy storage together with technical solutions of the renowned global manufacturer **SOLAX POWER**.

BUY
PV.eu

We have **thousands**
of satisfied clients.

We sell goods
in **7 countries**.

We import
27 MW modules each month.

We are the winner of the Orły Przedsiębiorczości project

Awards from the Jury:

**Company of the Year 2021 and Manager of the Year 2021
under the National Promotion Programme "Polska
Przedsiębiorczość"**
